

Discover the advantages of Smappee Certified.

Are you thinking of allowing your business to grow with the innovative, smart and lovely products by Smappee? Become a Smappee Certified installer and enjoy numerous advantages.

1. Free training via Smappee Academy

Follow our free online training programme and learn all about the sales, installation and after-care of Smappee products. The training offer will remain available and will be continually updated. Ideal as a memory aid or refresher session. You can also register for live training and online webinars.

2. Official Smappee Certificate.

Have you completed all the training courses? Test your knowledge and become Smappee Certified. You can obtain a certificate as a Smappee EV Line Specialist or as a Smappee Infinity Specialist. Please note, only certified electricians may install Smappee products.

3. Exclusive Smappee Certified logo.

The Smappee Certified logo is exclusively for Certified Partners. This label indicates that you are a preferred partner of Smappee and have excellent knowledge of the Smappee products.

4. VIP updates for products and features.

On a monthly basis, you will receive a newsletter in which we will inform you first about new products and features. You will also be given the possibility to test matters in avant-première.

5. Access to technical and marketing materials.

We will also help you to enthuse your customers and prospects for your new Smappee product range. Make use of our brochures, banners and illustrations. It is easy to order via the Smappee POS catalogue.

Yes, I will become Smappee Certified!

1. Surf to the Smappee Academy
2. Create a personal log-in
3. Follow the training programme
4. Complete the quiz and obtain your certificate
