

Smappee EV Wall

Home Black

The Smappee EV Wall is a wall-mounted EV charging station with one connector and is only available with a fixed cable. Designed for easy installation it has a simple cable configuration and installation wizard. The integrated LED lighting indicates the charging status and provides ample visibility in the parking area.

The EV Wall Home pack includes a 5-year subscription to the Smart subscription plan*, which includes all the features on the Lite plan plus:

- Real-time and historical energy data on grid, solar, and always-on consumption via the Smappee App.
- Autonomous overload protection for your home and electrical systems.
- Solar and self-consumption optimization.
- Smart EV charging schedules to control when and how to charge.
- Over-the-air updates for both the charger and the app.

**The Smart subscription plan unlocks Smappee's energy intelligence and charging management modules. Additional add-ons are available depending on your needs.*
